Hi Scott,

I am out of the office next Thursday and Friday as well. We are asking for the letter Selim submitted to be modified to include our comments and to confirm if the flow in Forestall Canyon cited in the letter is design or measured flow. Once he has addressed the changes, in concept we are good to go. I think I think how we move forward includes what we discussed in the field – an agreement will be needed that will run with the land causing Trumpnational (or any future owner) to maintain Forestall canyon in the event scour which might result from the elimination of the 60" pipe occurs.

Sleim requested a meeting for a Thursday or Friday, I think to discuss the agreement.

Hi Ron
If set up meeting for next Thursday or Friday do you think you would be able to reach a decision on the 60" storm ? So we know which direction we will go .

Thank you Scott Campbell
